Summary

Front End Web Developer with a background in Construction and life-long dedication to learning. Effective at combining creativity and problem solving to develop user-friendly applications. Known among staff for strong wit and attention to detail no matter the complexity of the project. Passionate cyclist.

Technical Skills

Languages: HTML, CSS, JavaScript,

Applications: Node.js, React

Projects

Weather Dashboard

<https://github.com/Skwiera-Magic/weather-dashboard>

<https://skwiera-magic.github.io/weather-dashboard>

- My first contact with APIs, but came out looking really nice
- Built this one by myself, starting from nothing.
- HTML, CSS, JavaScript, OpenWeatherAPI

Food Finder

<https://github.com/Skwiera-Magic/Food-Recipe-Finder>

<https://pixelfobia.github.io/Food-Recipe-Finder/>

- First group effort, we decided to create app that makes life easier and happier, providing you food recipes and gifs in one go
- We tried to split duties equally so that everyone would work at least a little bit with every technology used there
- HTML, CSS, JavaScript, Edamam API

Experience
